You won't be harmed if you submit for just a while.

You freak ... We are the mafia ! We'd rather die than ...

Quiet ! You know the strongest gets to rule !

But ... Boss ??

I'd like to request an item.

Hmm ?

Gift me one of your arrows as the emblem of our new leothership.

This ... will be enough, really ?

It is a rare item, and in our world, being gifted an item from the strongest is an honor.

Rare? Obviously. We can no longer produce iron and steel. This steel arrow is even more valuable than gold !

Very well ! I don't feel like you lots are worth this arrow, but I will take all of you in under my command !

B, Boss... Why ...

They did tell me this was the area where they spotted the fire woman ...

But not a single lead after a week ....

If I can't find her until midnight today..., I am going to ...

A woman's footsteps !

Yes, it is, for sure, a woman's footsteps ! No men will walk in a straight line like this !

Hmm..., the depth of her footsteps indicate that she is opprox. 45kg.

T, this woman... She could be exactly my type ...

Walking in a staright line like this .., she must have gentle and innocent personality ... and the footstep distance indicate that she is maybe 167cm. And front is deeper than the rear ...

Meaning large boobs !!!

T, this is -

?

And this scent ... !!!

Gunpower !!!

Kkya -

That must be her !

Is anyone here ?! Please help me !

Let go of me !

No is going to help you. Give up already.

"Seung-Ha", you are given a rare opportunity to be sacrificed for the God of Fire. Be honored.

There is no way I am going to accept to be sacrificed for some fake God !

....

You are not a good sacrifice.

?

Therefore, I will just kill you here right now.

There are plenty of sacrifices to choose !

You shall die here !

Hey, skull head !

What ?!

Who are you ?!

You see, as a woman hunter, I can't simply ignore a woman's scream.
